

MARKET DRAYTON SENIORS' ENTERPRISE

(in association with North Salop Wheelers)

ANNOUNCE

Have you some spare time or could you make some? We need a:

Market Drayton Community Transport Co-ordinator

We need a volunteer working within the community to organise a transport system that meets the needs of all of us. Could that volunteer be you?

This will be a rewarding task - creating and supporting a new transport system to enable those without transport to travel to and from regional centres, as well as developing feeder connections with local villages.

North Salop Wheelers already operate an existing system based on Whitchurch/Wem. They have generously agreed to support the new venture and train the new volunteer co-ordinator in the role.

This need becomes more urgent as the current public transport system declines.

Interested? With no obligation, talk it over with Eric Davis:
